

Exchequer Payroll

Exchequer has a range of flexible software ideal for growing businesses with up to 1000 employees wishing to save time and money with a fully integrated payroll solution!

 Exchequer

Exchequer's payroll solutions are fully HMRC accredited so you can be confident it will handle legislative requirements - no matter how quickly they change.

You can even tailor the payroll to the way you work - set up your own payments and deductions, absence categories and user-defined fields to capture and report on the information important to you.

Exchequer Payroll also offers a costing module, enabling employee costs to be divided between multiple cost centres.

As your business grows, Exchequer Payroll can grow with you. Starting with Business Edition, users can easily upgrade to our Executive Edition without losing any of your important payroll data.

Key features

- 5 companies as standard with the Business Edition with the Executive Edition offering 50 and the choice to add more
- Large library of reports included
- Easy to produce bespoke reports
- Historical payslips available on demand
- Comprehensive audit trail
- Quick amends with global updates
- User-defined data import and export facilities
- Management information can be obtained quickly and easily
- Auto absence calculation for SMP/SAP/SPP and SSP
- Online filing at year end
- Send and receive in year changes via HMRC Gateway
- HMRC accredited
- Integration with IRIS HR Manager
- Many pre-defined BACS and accounts links set up
- Up to 25 user-defined fields for ultimate flexibility
- Optional Spreadsheet Import facility available for fast data entry

Share your data to save even more time

Exchequer Payroll integrates links with a range of BACS, time and attendance, HR systems (including IRIS HR Manager) and of course Exchequer's award-winning accounting software. Entering your data only once and sharing it between your various systems saves considerable time.

Back up services

The team behind Exchequer Payroll has over 20 years payroll experience and a dedicated support team is on hand 5 days a week so you can be confident expert support is always available.

You can choose from a large range of stationery to complement Exchequer Payroll and additional bureau services such as payslip printing and BACS processing are also available.

Spreadsheet Import

Quickly import data directly into your payroll run with the optional Spreadsheet Import facility. Set up templates containing the exact information you require then either link to a Microsoft Excel spreadsheet or manually key in the data.

Ideal for accountants, bureaus or any companies with lots of variable pay information.

System Requirements

Processor

IBM compatible PC with a Pentium 4 processor.

Operating system

Microsoft Windows XP (with current service pack), Vista or Windows 7.

Memory

512 MB RAM .

Hard disk

Hard disk drive with 100 MB of free disk space for program files.

Display

SVGA 800 x 600 pixel display with 256 colours.

Input device

CD-ROM.

Report writing

Exchequer Payroll has a built-in Quick Report Writer for summary style reports. All other bespoke reporting modifications require Crystal Reports v9+ and we can also create bespoke reports on your behalf.

HP compatible laser printer.

Epson 9-pin matrix printer (recommended - for continuous payslips only).

Network

Exchequer Payroll can be set up as a networked product on a LAN (Local Area Network).

Please note that when using the Business edition only one person can access Exchequer Payroll at a time.

Network installation - Windows NT/2003/2008 Server with 100MB network.
